### PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 18, 2023 QUESTIONS & ANSWERS

#### PROXY STATEMENT

##### ***What is a Proxy and a Proxy Statement?***

The Company's Board of Directors (the "Board") is soliciting proxies for the 2023 Annual Meeting. A proxy is your authorization for someone else to vote on your behalf in the way you want to vote and allows you to be represented at the Annual Meeting even if you are unable to attend. A Proxy Statement is the document the United States Securities and Exchange Commission ("SEC") requires and the Company provides to explain the matters you are being asked to vote on by proxy and to disclose certain relevant information.

On or about April 6, 2023, the Company mailed to shareholders of record as of March 20, 2023 (other than those who previously requested electronic delivery), a Notice of Internet Availability of Proxy Materials ("Notice") containing instructions on how to access the Proxy Statement and Annual Report for the year ended December 31, 2022. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. The Notice instructs you on how to electronically access and review all the proxy materials, and these materials are available at <https://www.proxyvote.com>. The Notice also includes instructions about how you may request to receive proxy materials in printed form on a one-time or on-going basis.

##### ***What will I be voting on?***

- Election of nine directors (see pages 8-11).
- Ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2023 (see page 44).
- Approval, on an advisory basis, of the compensation of the Company's named executive officers (see page 45).
- Determination, on an advisory basis, of whether future shareholder advisory votes on named executive officer compensation should occur every one, two, or three years (see page 45).

The Board recommends a vote: *FOR* each of the nominees to the Board; *FOR* ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2023; *FOR* approval, on an advisory basis, of the compensation of the Company's named executive officers; and does not make a recommendation with respect to whether future shareholder advisory votes on named executive officer compensation should occur every one, two, or three years.

##### ***How do I vote?***

You can vote either in person at the Annual Meeting or by proxy without attending the Annual Meeting. *We urge you to vote by proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold and conduct business at the meeting.* If you attend the meeting and wish to vote in person, you must withdraw your earlier-dated proxy in accordance with this Proxy Statement and provide proof of ownership of Company shares as of the record date of March 20, 2023.

Please note that there are separate telephone and Internet arrangements, depending upon whether you are a holder of record (that is, if your shares are registered in your own name with the Company's transfer agent and you have possession of your stock certificate(s), or are in a direct registration system) or whether you hold your shares in "street

name" (that is, if your shares are held for you by a broker or other nominee, in which case you are considered the beneficial owner).

Shareholders of record voting by proxy may use one of the following three options:

- Vote by *Internet* (log on to <https://www.proxyvote.com> and follow the directions there);
- Vote by *toll-free telephone* (1-800-690-6903 - instructions are on the Proxy Card or Voting Instruction Form); or
- Fill out the enclosed *Proxy Card or Voting Instruction Form*, sign it, and mail it.

If you hold your shares in "street name," please refer to the information forwarded by your broker or other nominee to see which options are available to you. Your broker or other nominee has enclosed or otherwise provided a Voting Instruction Form.

A beneficial owner who wants to cast a vote directly, rather than have a broker or other nominee do so, can either: become a registered owner; or ask the broker or nominee to execute a proxy on your behalf. You can become a registered owner by having your broker or other nominee "certificate" your position, in which case you will receive an actual certificate for your stock, or your share ownership can be moved into a direct registration system. Alternatively, you can check a box on the Voting Instruction Form indicating your plan to attend the meeting and to vote your shares directly, in which case your broker or other nominee should then send you your proxy. Please contact your broker or other nominee for more details.

The telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. EDT on May 17, 2023. The telephone and Internet voting procedures are designed to authenticate shareholders by the use of control numbers and to allow you to confirm that instructions have been properly recorded.

### ***Can I change my vote?***

Yes. At any time before your proxy is voted at the meeting, you may change your vote by:

- Revoking it by written notice to the Corporate Secretary at the address on the cover of the Proxy Statement;
- Delivering a later-dated proxy (including a telephone or Internet vote);
- Voting by telephone or Internet at a subsequent time; or
- Voting in person at the meeting.

If you hold your shares in "street name," please refer to the information forwarded by your broker or other nominee for procedures on revoking or changing your Proxy.

### ***How many votes do I have?***

You will have one vote for every share of common stock that you owned on March 20, 2023.

### ***How many shares are entitled to vote?***

There were 234,238,980 shares of the Company common stock outstanding as of March 20, 2023, and, accordingly, entitled to vote at the meeting. Each share is entitled to one vote.

### ***How many votes must be present to hold the meeting?***

The record date is March 20, 2023, and was established by the Board as required. Under the Company's Bylaws, a majority of all of the voting shares of the capital stock issued and outstanding as of March 20, 2023, must be present in person or by proxy to hold the Annual Meeting.

### ***What if I do not vote for some or all the matters listed on my Proxy Card or Voting Instruction Form?***

If you return a Proxy Card or Voting Instruction Form without indicating your vote for some or all of the matters, if permissible, your shares will be voted as follows for any matter you did not vote on:

- For the approval of the director nominees to the Board listed on the card.
- For ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2023.
- For the approval, on an advisory basis, of the compensation of the Company's named executive officers.
- Abstain with respect to whether future shareholder advisory votes on named executive officer should occur every one, two, or three years.

***How many votes are needed for the approval of items upon which the shareholders are being asked to vote?***

- Under Michigan law, the nine nominees for director will be elected by a plurality of the votes cast. Notwithstanding the foregoing, the Company's Bylaws provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her resignation by written notice to the Board.
- Ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2023, is by a majority of votes cast.
- The proposal to approve the compensation of the Company's named executive officers is advisory and the Board will take such votes into account when considering future actions.
- The proposals to approve the compensation of the Company's named executive officers and to determine the frequency of future shareholder advisory votes on the compensation of named executive officers are advisory and the Board of Directors will take such votes into account when considering future actions.

***What if I vote to "abstain?"***

A vote to "abstain" will have no effect on the outcome related to the election of the directors or the ratification of Ernst & Young LLP as the Company's auditors. A vote to abstain with respect to approval of named executive officer compensation or on the frequency of shareholder advisory votes on named executive officer compensation will be taken into account by the Board in determining future action.

***What if I do not return my Proxy Card or Voting Instruction Form and do not attend the Annual Meeting?***

If you are a holder of record and you do not vote your shares, your shares will not be voted. If you hold your shares in "street name," and you do not give your broker or other nominee specific voting instructions for your shares, your broker or other nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon.

If you do not give your record holder specific voting instructions and your record holder does not vote on the matters to be voted upon, the votes will be "broker non-votes." "Broker non-votes" will have no effect on the vote for the election of directors or the other matters to be voted upon as set forth in this Proxy Statement as they are treated as present for purposes of determining the existence of a quorum, but not as shares present and voting on any specific proposal.

***Is my vote confidential?***

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your individual voting privacy. Your individual vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or
- to facilitate successful proxy solicitation by our Board.

Occasionally, shareholders provide written comments on their Proxy Cards or Voting Instruction Forms which are then forwarded to the Company's management.

***How can I receive a copy of the Company's Form 10-K?***

You can obtain, free of charge, a copy of our Form 10-K for the year ended December 31, 2022, which we recently filed with the Securities and Exchange Commission, by writing to:

The proxy materials are also available on the Company's website at: <http://ir.gentex.com>

***What is "householding of proxy materials?"***

Only one Notice will be sent to multiple shareholders sharing a single address, unless the Company has received instructions to the contrary from one or more shareholders. If a single copy of the Notice was delivered to an address that you share with another shareholder, and you prefer to receive additional copies, send your request to the Corporate Secretary (at 600 North Centennial Street, Zeeland, Michigan 49464, 616-772-1800), and we will promptly deliver a separate copy.

## **SOLICITATION OF PROXIES**

This Proxy Statement is being furnished on or about April 6, 2023 to the shareholders of Gentex Corporation as of the record date, March 20, 2023, in connection with the solicitation by the Board of proxies to be used at the Annual Meeting to be held on Thursday, May 18, 2023, at 4:30 p.m. EDT, at The Pinnacle Center, 3330 Highland Drive, Hudsonville, Michigan 49426.

Each shareholder as of the record date, as an owner of the Company, is entitled to vote on matters to come before the Annual Meeting. The use of a proxy allows a shareholder of the Company to be represented at the Annual Meeting even if the shareholder is unable to attend in person.

There are four ways to vote your shares:

- 1) By Internet at <https://www.proxyvote.com>. *We encourage you to vote this way.*
- 2) By toll-free telephone (1-800-690-6903)
- 3) By completing and mailing your Proxy Card or Voting Instruction Form
- 4) By written ballot at the Annual Meeting

If the form of proxy accompanying this Proxy Statement is properly executed using any of the methods described above, the shares represented by the proxy will be voted at the Annual Meeting and at any adjournment of the meeting. Where shareholders specify a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by proxy will be voted: *FOR* the election of all nominees named in the Proxy Statement; *FOR* ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2023; and *FOR* approval, on an advisory basis, of the compensation of the Company's named executive officers. These proposals are described in this Proxy Statement. A proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Corporate Secretary, (2) delivery of a later-dated proxy, including a telephone or Internet vote, or (3) attending the meeting and voting in person, as discussed above.

## **VOTING SECURITIES AND RECORD DATE**

March 20, 2023, has been fixed by the Board as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 234,238,980 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date. Abstentions and broker non-votes are counted for the purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions and broker non-votes are not, however, counted in tabulations of votes cast on matters presented to shareholders, though the Board will consider abstentions in determining future actions.

## **ELECTION OF DIRECTORS**

The Company's Restated Articles of Incorporation specify that the Board shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has currently set the number of directors at nine. The Restated Articles of Incorporation state that directors shall be elected annually for terms expiring at the next annual meeting of shareholders.

Of the nine current members on the Company's Board, eight of them qualify as "independent directors" as determined in accordance with the current listing standards of The NASDAQ Global Select Market ("NASDAQ"). Based on these current NASDAQ listing standards, the Company's Board has identified and affirmatively determined the following directors have no material relationships with the Company other than as a director and are independent: Joseph Anderson, Leslie Brown, Gary Goode, James Hollars, Richard Schaum, Kathleen Starkoff, Brian Walker, and Ling Zang. In making its independence determinations, the Board considered: the former employment of Mr. Hollars at the Company and the former consulting arrangement between Vaporsens and Dr. Zang, which ended prior to the Company's acquisition of Vaporsens in April, 2020. The Board determined that these circumstances do not interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Steve Downing, President and CEO of the Company, does not qualify as independent under the applicable standards. Mr. Hollars is not standing for re-election.

Each of the current Board members have been determined to meet the required experience and qualifications set forth in the Company's Position Profile: Member of the Board of Directors, including, among them, high levels of personal and professional integrity, distinguished management careers, and the demonstrated ability to work effectively as Board members. Combined with the other desirable characteristics and experience of such individuals, these individuals have the experience, qualifications, attributes, and/or skills (which are described below) which have made them valued directors. Though Mr. Hollars is not standing for re-election, the Nominating and Corporate Governance Committee has recommended the other incumbent directors, along with Mr. Garth Deur, to the Board for nomination for election to the Board. The Nominating and Corporate Governance Committee became aware of Mr. Deur as a candidate through pre-existing relationships, as well as his time serving as an officer of the Company more than 15 years ago. The Nominating and Corporate Governance Committee has concluded such individuals should be nominated for election to the Board, based on qualifications and contributions of such incumbent directors and based on Mr. Deur's: background; professional and personal integrity; distinguished management career; and perceived ability to work effectively with the Board. If elected, the Board has affirmatively determined, even after considering Mr. Deur's former employment at the Company (as described below), Mr. Deur will qualify as an independent director as determined in accordance with the current listing standards of NASDAQ, since Mr. Deur has no material relationships with the Company other than as a director nominee.

The terms of all current Board members will expire upon the election of the directors to be elected at the 2023 Annual Meeting. Based on the foregoing, the Board has (upon the recommendation of the Company's Nominating and Corporate Governance Committee) nominated Joseph Anderson, Leslie Brown, Garth Deur, Steve Downing, Gary Goode, Richard Schaum, Kathleen Starkoff, Brian Walker, and Ling Zang for election as directors at the Annual Meeting, each to serve a one-year term expiring in 2024. The Nominating and Corporate Governance Committee continues to avail itself of a variety of resources in its efforts to identify qualified and diverse candidates. Candidates are sought not only in traditional corporate environments, but also other environments such as government, academia, private enterprise, nonprofit organizations, and a variety of professions. In order to promote diversity, the Nominating and Corporate Governance Committee is: willing to consider exceptions to the Board Attendance and Overboarding Policy; considering search firms with a track record of identifying qualified, diverse director candidates; as appropriate, seeking to engage with organizations representing the interests of women and minorities; and periodically reviewing its processes and procedures to ensure there are no structural impediments to increasing Board diversity. The Board continues to build a pool of diverse candidates and the Board's diversity has increased because of these actions. In fact, the Company now has two female directors and two other diverse directors, satisfying NASDAQ's board diversity rule well in advance of specified dates for compliance. The Nominating and Corporate Governance Committee seeks to ensure diverse candidates are considered and interviewed for any open Board seat(s). The Board believes its diversity will continue to increase as a result of the foregoing approach taken by the Nominating and Corporate Governance Committee.

Unless otherwise specifically directed by a shareholder's marking on the Proxy Card or Voting Instruction Form, or in directions given either via the Internet or telephone, the persons named as proxy voters in the accompanying proxy will vote for the nominees described above and below. If any of these nominees becomes unavailable, which is not now anticipated, the Board may designate a substitute nominee, under the recommendation of the Nominating and Corporate Governance Committee, in which case the accompanying proxy will be voted for the substituted nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Under the Michigan Business Corporation Act, a plurality of votes cast by shareholders at the meeting is required to elect directors of the Company under Michigan law. Accordingly, the nominees who receive the largest number of affirmative votes will be elected, regardless of the number of votes received. Notwithstanding the foregoing, the Company amended its Bylaws to provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her resignation by written notice to the Board. Each of the nominees has agreed to tender his or her resignation from the Board in writing to the Board if he or she is not elected by a majority of votes cast. Broker non-votes and votes withheld will not have a bearing on the outcome of the election (though the Nominating and Corporate Governance Committee and Board will consider abstentions in making future nominations). Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board recommends a vote *FOR* the election of all persons nominated by the Board.

The Company operates within a comprehensive plan of corporate governance set forth in the Gentex Corporation Corporate Governance Guidelines (\*) as adopted for the purpose of defining responsibilities, setting high standards of professionalism and personal conduct, and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance.

The Board has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, and, in accordance with the Company's Bylaws, may appoint other committees from time to time. Each standing committee has a written charter. All such charters, as well as any documents marked with an asterisk (\*) in this Proxy Statement, are available under the headings, "Corporate Governance", then "Documents & Charters" on the Company's web site at <http://ir.gentex.com>. A hard copy of any of these documents will be provided to any shareholder who submits a request in writing to the Corporate Secretary, Gentex Corporation, 600 North Centennial Street, Zeeland, MI 49464.

Each member of the Board is expected to abide by the Gentex Corporation Board Attendance and Overboarding Policy (\*), unless an exception thereto has been approved by the Board. That includes the expectation to attend all meetings of the Board, all applicable committee meetings, and each annual meeting of shareholders. All the members of the Board attended the 2022 Annual Meeting. Each of the current members of the Board, including all nominees for the Board, are expected to attend the 2023 Annual Meeting. During 2022, the Board held four Board meetings. All directors then serving attended at least 75 percent of the aggregate number of meetings of the Board and Board committees on which they served.

- The Company has added additional diversity considerations to its director nominating policies in response to suggestions from shareholders. Such diversity considerations, along with the actual practices of the Nominating and Corporate Governance Committee, have led to a broader and more diverse director candidate pool and a more diverse Board.

## **Board of Directors Leadership Structure**

- Richard Schaum serves as an independent Chair of the Board of Directors.
- The Company acknowledges that independent board leadership is important, and the independent directors will continue to meet outside of the presence of management.
- Even with an independent Chair of the Board, the Company remains of the belief that it is important that the Board have flexibility to determine the most qualified person to serve as Board Chair, rather than unduly impairing such flexibility with any policy requiring an independent Chair of the Board.
- While the Board now has an independent Chair, and the next Chair may be independent as well, alleviating the need for a Lead Director, the Lead Independent Director Policy remains in place to continue to provide the Board appropriate flexibility.
- The Board, and each standing committee of the Board, undertake annual self-evaluations which include: written evaluations; collection of relevant information; summary and review of the same by the Board and each committee; and the opportunity for peer review and for each director to comment thereupon. This process has helped inform the Board in regard to existing director qualifications, skills, attributes, and experience and those needed for the future.

("Mercer") to advise on certain compensation matters. Mercer's engagement has included: an ongoing assessment of the Company's existing compensation program; a competitive analysis of a peer-group of publicly-traded organizations, including base salaries, annual incentives, and long-term incentives; plan design alternatives; pay trends; performance metrics; stock ownership guidelines; and employment agreements; and reporting on, and disclosures with respect to, the same, including certain recommendations for potential changes to officer and director compensation. The Compensation Committee did consider the independence of Mercer in assessing the information and recommendations provided by Mercer as set forth herein. Mercer provided peer group and industry compensation data to both management and the Compensation Committee for executives and directors. Such data was used by the Compensation Committee as a frame of reference for adjusting compensation as more fully described herein, including establishing goals for base pay, annual cash bonuses, and long-term equity incentives of officers and compensation of directors.
- The Board, based on the recommendation of the Compensation Committee, has also adopted "Stock Ownership Guidelines" (\*), an "Anti-Hedging and Anti-Pledging Policy" (\*) and a "Clawback Policy" (\*), which is under consideration in light of the SEC's recent clawback rule.

## **COMPENSATION DISCUSSION AND ANALYSIS**

### **INTRODUCTION**

Our Compensation Discussion and Analysis describes the key principles and approaches used to determine the elements of compensation awarded to, earned by, and paid to each of our named executive officers ("NEOs") during 2022. The discussion provides information and context to the compensation disclosures included in the accompanying compensation tables and footnotes therein. It should be read in conjunction with such disclosures. It also addresses any changes to the same for 2022.

The following Company executives are our NEOs for 2022:

<b>Name</b>	<b>Title</b>
Steve Downing	President and CEO
Neil Boehm	Vice President, Engineering and CTO
Kevin Nash	Vice President, Finance, CFO and Treasurer
Matt Chiodo	Chief Sales Officer and Senior Vice President, Sales
Scott Ryan	Vice President, General Counsel and Corporate Secretary

We first provide a brief overview of our officer compensation program and then discuss and analyze topics including:

Relationship Between Pay & Performance  
Elements of the Executive Compensation Program

How Compensation Decisions are Made  
Compensation Policies & Practices

### **OVERVIEW**

#### **Our Performance**

In light of industry and market trends, we were generally pleased with our 2022 financial performance and we believe we remain well positioned for long term success. For 2022, our revenues outperformed our underlying markets by approximately eight percent. Continued execution of our product development and growth strategy, including execution of our capital allocation strategy, has once again provided the opportunity for us to outperform our underlying markets during the most recently completed year.

#### **Compensation Philosophy**

Our compensation program is designed to balance short-term performance with long-term growth and value creation. Our compensation and benefits must be competitive with compensation arrangements provided to officers at comparably-sized companies with whom we compete for talent. Our officer compensation philosophy is reviewed annually by the Compensation Committee, and has the following key objectives:

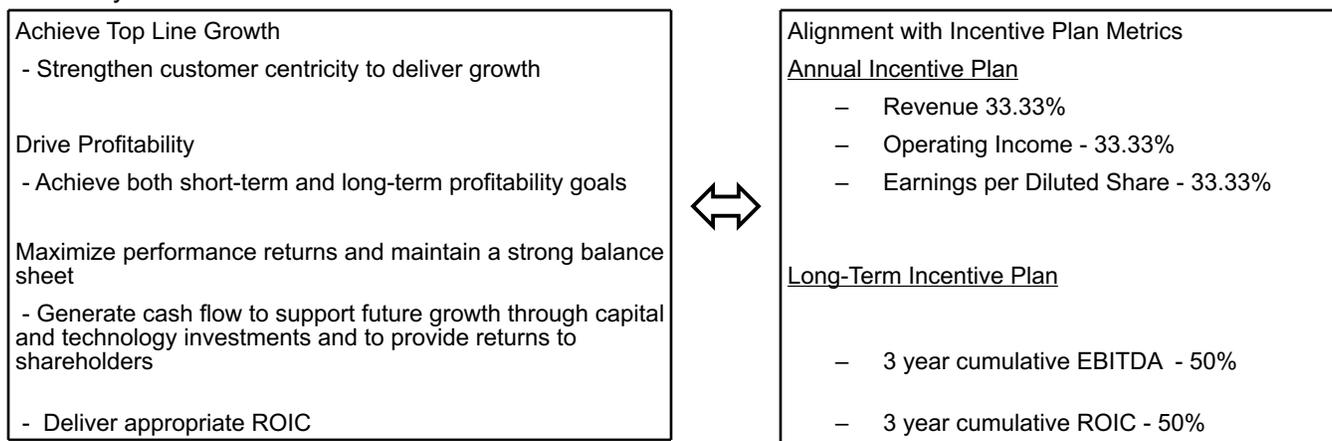

- **Reward performance** - An increasing percentage of officer pay is performance-based, and therefore, at risk. Our pay programs reflect our "pay-for-performance" culture that aligns officer incentives with the interests of our shareholders. This philosophy permeates our organization as even below the officer level all other employees receive profit sharing bonuses and are eligible to purchase stock under the Employee Stock Purchase Plan at a 15% discount, in addition to all full-time employees receiving stock options and/or restricted stock.
- **Emphasize long-term incentive compensation** - We share a portion of the value created for shareholders with those responsible for the results through our use of equity incentives. In order to promote this, the Company rewards officers for delivering long-term earnings before interest, taxes, depreciation, and amortization ("EBITDA") and return on invested capital ("ROIC") with performance shares that have cliff-vesting over a three-year performance period and restricted stock that also has three year cliff-vesting to minimize management turnover and further align officer incentives with those of our shareholders.

- **Drive ownership mentality** - We expect officers and directors to personally invest in our success and have adopted Stock Ownership Guidelines that set forth expectations that our executive officers and non-employee directors own or acquire a significant amount of our stock.
- **Attract, retain and reward the best talent to achieve superior results** - To be consistently better than our competitors, we need to recruit and retain superior talent that is able to drive superior results. We have structured our compensation program to motivate and reward such results.

### Compensation Alignment with Business Strategy

Our long-term strategy builds on our strong technology foundation and leverages our operating model to drive performance in our primary industries, while at the same time seeking opportunities in other industries.

Our officer compensation program reflects our short-term and long-term strategy by design and uses certain key, objective performance metrics to evaluate performance. These key, objective performance metrics are important financial measures that help provide sharp focus on critical results in running our business efficiently and effectively.

### Our Officer Compensation Practices

Our officer compensation program features many best practices that serve shareholder interests.

What We Do...	What We Don't Do...
<ul style="list-style-type: none"> <li>✓ Base a significant portion of compensation on the achievement of objective, pre-established goals tied to financial, operational, and strategic measures.</li> <li>✓ Award incentive compensation based primarily on objective measures, both short-term and long-term.</li> <li>✓ Provide compensation in equity to help meet Stock Ownership Guidelines.</li> <li>✓ Maintain a clawback policy to recapture unearned incentive payments.</li> <li>✓ Retain an independent compensation consultant when appropriate.</li> <li>✓ Include double trigger of vesting of equity awards upon an appropriately defined change in control.</li> </ul>	<ul style="list-style-type: none"> <li>✗ No excise tax gross ups</li> <li>✗ No excessive perquisites</li> <li>✗ No hedging or pledging of stock</li> <li>✗ No excessive change-in-control severance provisions</li> <li>✗ No dividends paid if performance shares are not earned</li> </ul>

## Say on Pay

Last year's advisory vote on executive compensation was supported by 96% of our shareholders who voted on the same at the Company's 2022 Annual Meeting of Shareholders. The Board remains committed to understanding the views of our shareholders by taking into account the results of advisory votes on NEO compensation. Given the 2022 say-on-pay results, the Compensation Committee continues to focus on having a performance based compensation system that aligns overall executive compensation with our business goals and objectives in accordance with shareholder expectations. The Board and the Compensation Committee will again consider the results of the 2023 advisory vote on NEO compensation.

## 2023 Compensation Structure

For 2023, the Compensation Committee kept in place its Amended and Restated Annual Incentive Performance Based Bonus Plan ("Annual Incentive Plan") and Long-Term Incentive Plan ("Long-Term Incentive Plan"), pursuant to the Gentex Corporation 2019 Omnibus Incentive Plan ("2019 Omnibus Plan") that was approved at the 2019 Annual meeting. Below is a summary of the Annual Incentive Plan and Long-Term Incentive Plan along with rationale for each:

### Incentive Plans

#### Annual Incentive Plan

2022 Metrics	2023 Metrics	Reasons
Revenue	Revenue	Aligns short-term officer incentive pay with appropriate objective performance targets.
Operating Income	Operating Income	
Earnings per Diluted Share	Earnings per Diluted Share	

#### Long-Term Incentive Plan

2022-2024 Metrics	2023-2025 Metrics	Reasons
3-year cumulative EBITDA	3-year cumulative EBITDA	EBITDA and ROIC have been identified by the Compensation Committee as key measures for management to drive growth and create shareholder value. These metrics provide clear measures of our long-term performance
3-year cumulative ROIC (using performance shares and restricted stock)	3 year cumulative ROIC (using performance shares and restricted stock)	

## Base Salaries

The Compensation Committee continues to consider market median of an appropriately selected peer group in determining base salaries of our officers.

See below for additional information on 2022 NEO compensation.

## RELATIONSHIP BETWEEN PAY & PERFORMANCE

### Comparator Compensation Data

One of the factors our Compensation Committee uses in setting officer compensation is an evaluation of how our target compensation and benefit levels compare to those of similarly-situated executives at companies that comprise our officer compensation peer group ("Peer Group"). Our philosophy for officer pay, including NEO pay, is to target the 50th percentile of our Peer Group and to use general industry market data as provided by the Compensation Committee's independent compensation consultant as appropriate. In addition to market data, other factors such as an individual's experience, responsibilities, and long-term strategic value are also considered when making recommendations and decisions on compensation.

The Peer Group used for benchmarking officer pay, including for NEO's, is made up of companies that are:

- in similar industries where we compete for talent, customers and capital;
- of similar size (as measured by annual revenue, profitability and market capitalization); and
- of similar complexity.

The Peer Group is reviewed by the Compensation Committee every year and modifications are made to ensure each company in the group meets the above comparison criteria. The companies shown in the table below comprise our Peer Group:

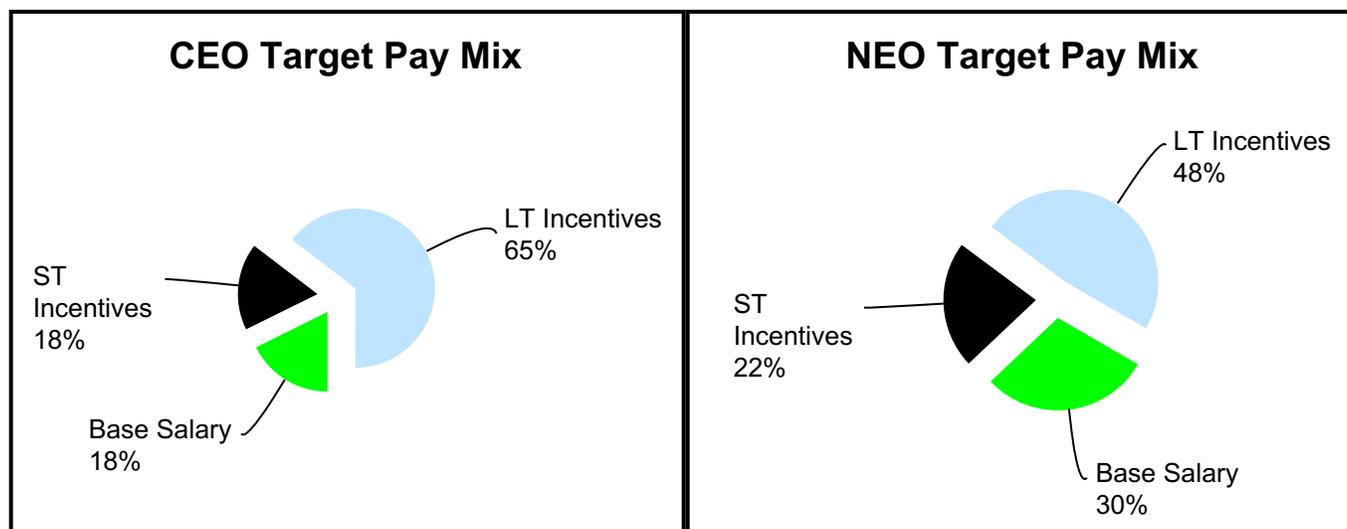

Allison Transmission Holdings	LCI Industries
Altra Industrial Motion Corp.	Littelfuse, Inc.
Cooper-Standard Holdings	Meritor, Inc.
Donaldson Company, Inc.	Methode Electronics, Inc.
Dorman Products, Inc.	Modine Manufacturing Company
Franklin Electric Company, Inc.	Nordson Corporation
Gentherm Incorporated	Standard Motor Products, Inc.
Graco Inc.	The Timken Company
IDEX Corporation	Visteon Corporation
ITT Incorporated	

### Pay for Performance

As part of adopting the Long-Term Incentive Plan, the Compensation Committee considered the correlation between NEO realizable compensation and Company performance. The Compensation Committee will continue to review the alignment between pay of our NEO's and our performance on a short and long-term basis.

### NEO Pay Mix

To align pay levels for our NEOs with the Company's performance, the compensation program places the greatest emphasis on performance-based incentives. A significant majority (In 2022, 83% of our CEO's target compensation awarded and 70% of the average target compensation awarded of our other NEOs) is performance-based.

## ELEMENTS OF THE EXECUTIVE COMPENSATION PROGRAM

Our executive compensation program has three primary pay components: base salary; annual performance-based cash bonuses (under the Annual Incentive Plan); and long-term equity incentives (the Long-Term Incentive Plan). The Long-Term Incentive Plan was adopted in 2019, which implements the use of performance share awards.

Cost	Element	Key Characteristic	Why We Pay this Element	How we Determine the Amount
Fixed	Base Salary	Fixed compensation payable in cash. Reviewed annually and adjusted when appropriate.	Provide a base level of competitive cash compensation for attracting and retaining officer talent.	Experience, job scope, individual performance, and market data, including market median of our Peer Group.
Variable	Annual cash incentive award	Variable compensation payable in cash based on annual performance-related financial goals.	Motivate high performance and award results, in the near term.	Based on financial performance metrics (revenue, operating income, and earnings per diluted share) and market data, including market median of our Peer Group.
	Performance Share Award ("PSA")	PSAs vest after a three-year performance period based on meeting cumulative performance related financial objectives.	Align the interests of officers with long-term shareholder value and retain officer talent.  Minimize risk taking behaviors for positive long-term results.	Target awards based on job scope and market data, including market median of our Peer Group.  Payouts are based on our performance on financial metrics (EBITDA and ROIC), on a cumulative basis over a three-year period.
	Restricted Stock ("RS")	RS vests on the third anniversary of the grant date.	Increase equity-ownership and focus officers on providing shareholders with appropriate returns.  Vesting terms and Stock Ownership Guidelines promote retention and a linkage to the interest of shareholders.	Target award based on job scope and market data, including market median of our Peer Group.

### Base Salary

We provide base salaries to compensate our officers, including NEOs, for their primary roles and responsibilities and to provide a stable level of annual compensation. Actual NEO salary levels and adjustments thereto vary based on the NEOs role, level of responsibility, experience, individual performance, future potential and market value, and market data including market median of our Peer Group. In addition, salary increases may be warranted because of a promotion or change in responsibilities.

As previously disclosed, the Compensation Committee has a goal that base salaries for officers, including named executive officers, are at or near the market median for base salaries when compared to the Company's established peer group.

In light of that, the Compensation Committee has periodically reviewed base salaries for officers, including where officers rank compared to the Company's established Peer Group. It was determined by the Compensation Committee that certain officer base salaries continue to trail the announced goal of base salaries at market median, in some instances base salaries significantly trailed the stated goal. As such, given the belief the Company is well positioned for long-term success, the ever-increasing competition for talent, the need to attract and retain management to fulfil the Company's strategic goals, the desire for base salaries to approach market median, and the high level individual performances of officers, the Compensation Committee recommended to the Board and the Board approved certain changes in base salaries for 2023. The Board, therefore, on February 16, 2023, approved the following base salaries for the CEO and named executive officers for 2023:

Executive Officer	2023 Base Salary	2022 Base Salary
Steve Downing	\$850,000	\$800,000
Neil Boehm	\$515,000	\$475,000
Kevin Nash	\$515,000	\$475,000
Matt Chiodo	\$455,000	\$415,000
Scott Ryan	\$415,000	\$375,000

## Annual Incentive Plan

The Annual Incentive Plan is a cash-based plan intended to motivate and reward officers based on Company performance metrics (revenue, operating income, and earning per diluted shares) that we believe drive shareholder value.

The Annual Incentive Plan covers all officers, including our NEOs. At the beginning of each year, the Compensation Committee reviews and approves an annual cash bonus target for each NEO, as a percentage of base salary for the year, as set forth in further detail below. The NEOs may earn from 0% to 200% of base salary. The performance-related targets for revenue, operating income, and earnings per diluted share, are set by, and achievement of targets are approved by, the Compensation Committee and/or the Board.

For our NEOs, the 2022 Annual Incentive Plan target payout opportunities and results weightings are shown in the table below:

Executive Officer	Threshold	Target	Maximum
Steve Downing	50.0%	100%	200%
Neil Boehm	37.5%	75%	150%
Kevin Nash	37.5%	75%	150%
Matt Chiodo	37.5%	75%	150%
Scott Ryan	37.5%	75%	150%

No changes were made to the Annual Plan target opportunities for executive officers in 2023, as it is believed the threshold, target, and maximum opportunity levels remain appropriate. The foregoing payout opportunities are multiplied by the weighting factor of a particular performance metric to determine the amounts of cash bonuses payable to officers to the extent the threshold, target, or maximum for a performance metric is met or exceeded. To the extent performance exceeds the established threshold or target, as applicable, for any performance metric, but does not meet or exceed the established target or maximum, as applicable, linear interpolation is used to determine the pro rata portion of the performance bonus. The Compensation Committee also has discretion to increase (or decrease) such performance-based bonuses using its judgment, provided that bonuses are not in any event to exceed 250% of the applicable base salary.

Since its inception in 2019, the Annual Plan uses the same three key performance metrics and weighting: Revenue (weighted 33.33%); Operating Income (weighted 33.33%); and Earnings per Diluted Share (33.33%), adjusted for tariffs as appropriate, since such metrics are not only appropriate measures of performance, but also align with the Company's overall business strategy.

### 2022 Annual Incentive Plan Performance

In determining whether annual cash bonuses are paid under the Annual Plan, actual performance for the year is measured against specified target levels for each performance metric. Generally, the target for the three performance metrics reflects a level of performance, which at the time set would be anticipated to be challenging but achievable. The threshold level is set to be reflective of performance at which the Compensation Committee believed a portion of the award opportunity should be earned. The maximum level was set well above the target, requiring significant achievements and reflecting performance at which the Compensation Committee believed an additional 100% of the target award was warranted.

For 2022, the target performance (along with the thresholds and maximums) and actual results for the performance metrics are as follows:

AIP Performance Metrics	Weight	Threshold*	Target*	Maximum*	Actual*
Revenue	33.33 %	\$1,457,429	\$1,943,238	\$2,429,048	\$1,918,958
Operating Income	33.33 %	\$341,138	\$454,850	\$568,563	\$370,006
Earnings per Diluted Share	33.33 %	\$1.22	\$1.63	\$2.04	\$1.36

\* amounts in thousands (000) except for per share amounts.

### 2022 Annual Incentive Plan Payments

Based on actual Revenue, Operating Income, and Earnings per Diluted Share results compared to the adjusted targets and performance of the named executive officers, the payments for 2022 under the Annual Plan are shown in the table below:

Executive Officer	2022 Annual Plan Performance Bonus	2022 Discretionary Bonus
Steve Downing	\$ 604,720	\$ —
Neil Boehm	\$ 269,289	\$ —
Kevin Nash	\$ 269,289	\$ —
Matt Chiodo	\$ 235,274	\$ —
Scott Ryan	\$ 212,597	\$ —

These Annual Plan results appropriately reflect management's excellent work in addressing the ongoing impacts stemming from the ongoing pandemic supply chain shortages, especially electronics components, as well as labor disruptions and significant volatility within customer orders. Were it not for management's leadership in redesigning products to allow more customer demand to be met, notwithstanding the parts shortages and labor market constraints, more revenue would have been lost in 2022. For 2023, the Compensation Committee has established targets for Revenue, Operating Income, and Earnings per Diluted Share for the Annual Plan performance metrics as it has done in the past, and consistent with 2022 is using  $\pm$  25% of target in 2023 for determining thresholds and maximums and is not making any adjustments for tariffs.

### Long-Term Incentive Plan

**2022.** We continue to believe that our long-term performance is driven through an ownership mentality and culture that rewards officers for creating and maximizing shareholder value. That is a philosophy that permeates our organization as evidenced by the fact that in 2021 the Company expanded its equity compensation program to include all hourly employees, which now means a total in excess of 5,000 employees receive stock option and/or RS awards. The Long-Term Incentive Plan provides officers, including our NEOs, with incentive awards that serve an important role by balancing other applicable short-term goals with long-term shareholder value creation while minimizing risk-taking behaviors that could negatively affect long-term results.

The Board and/or the Compensation Committee approves the amount of the long-term incentive awards, which are based on a percentage of the officers, including NEO's, base salary. Each officer's, including NEO's, award opportunity is based on a target dollar value (determined toward the beginning of the performance period) as a percentage of base salary assigned to his or her position based on market comparisons for similar positions, using both Peer Group and general industry market data. The following target opportunities apply for the 2022-2024 performance period under the Long-Term Incentive Plan:

Executive Officer	Long-Term Plan Target Opportunity Percentage of Base Salary for 2022-2024
Steve Downing	365%
Neil Boehm	155%
Kevin Nash	185%
Matt Chiodo	155%
Scott Ryan	155%

**2023.** The Long-Term Plan Target Opportunity Percentages of Base Salary for 2023 - 2025 remain the same as those applicable for 2022 - 2024.

Achievement at threshold performance yields 50% of the target award and achievement of the maximum performance yields another 100% of the target award. To the extent performance exceeds the established threshold or target, as applicable, for an applicable performance objective, but does not meet or exceed the established target or maximum, as applicable, linear interpolation is used to determine the pro rata portion of such award.

Seventy percent (70%) of the total value of the target long-term incentive opportunity is delivered through performance share awards (PSAs) and the other thirty percent (30%) through restricted stock (RS). Both PSAs and RS are forms of performance-based incentive compensation because PSAs involve performance objectives that provide direct alignment with shareholder interests and the value of RS fluctuates based on stock price performance.

In addition to requiring achievement of performance objectives in respect of PSAs, PSAs and RS require the executive officers to remain employed with the Company for three years from the grant date (unless the executive officer attains retirement age, departs for good reason, dies, or becomes disabled or a change in control occurs whereby an award may be paid or partially paid).

As part of its objective of attracting and retaining management to fulfill the Company's strategic goals, the Compensation Committee recommended and the Board approved on February 16, 2023, a retention grant of PSAs. In addition to the retention of management, the PSAs have been granted to further align management goals with those of the Company's shareholders. For that reason, the PSAs have been granted with performance criteria and will be based upon achievement of the Company's relative total shareholder return (TSR) over a four year period (2023-2026), against a predetermined peer group. Achievement levels vary from 50% to 200% of granted PSAs, for relative TSR between 0 and the 100th Percentile of relative TSR as disclosed in the below table. In addition to requiring achievement of performance objectives in respect of PSAs, this grant also requires the executive officers to remain employed with the Company for four years from the grant date (unless the executive officer attains retirement age, departs for good reason, dies, or becomes disabled or a change in control occurs whereby an award may be paid or partially paid).

### **Performance Shares**

The Long-Term Plan is designed to provide PSAs for officers, including our named executive officers. PSAs are tied to the achievement of two performance objectives, each weighted equally: EBITDA and ROIC, in each case adjusted as determined by the Compensation Committee. Each performance objective is based on a three-year performance period (2022-2024) with a performance range that can result in PSAs of 0% for failure to achieve threshold, 50% of target for achieving threshold, to 200% of the target opportunity for achieving maximum.

EBITDA drives the ability to commit resources to continued growth, but is also a measure of ability to provide shareholder return. It also drives profitable sales growth and optimizes the Company's cost structure. ROIC ensures management uses the Company's capital in an effective manner that drives shareholder value. Since the value of PSAs is tied to the Company's actual performance in financial objectives, it aligns the officers' interests with those of shareholders. The target opportunities of PSAs awarded in 2022 for the named executive officers are shown in the table below:

Executive Officer	Number of PSAs awarded in 2022 (Target) for 2022-2024
Steve Downing	65,013
Neil Boehm	16,393
Kevin Nash	19,566
Matt Chiodo	14,322
Scott Ryan	12,942

### **Restricted Stock Awards**

The other 30% of the total value of the long-term incentive opportunity consists of RS awards. RS incentivizes and rewards executives for improving long-term stock value and serves as a retention tool. Under the Long-Term Plan, RS will generally be granted in February to officers, including our named executive officers, and cliff vest on the third anniversary of the grant. The RS awarded in 2021, based on the target opportunities, for the executive officers are shown in the table below:

<b>Executive Officer</b>	<b>Number of RS Awarded in 2022 for 2022-2024</b>
Steve Downing	27,863
Neil Boehm	7,026
Kevin Nash	8,386
Matt Chiodo	6,138
Scott Ryan	5,547

### **2020-2022 Long-Term Plan Performance (three-year performance period ending December 31, 2022)**

December 31, 2022, marked the end of the three-year performance period for PSA and RS Long-Term Plan awards made in February 2020.

### **Performance Share Awards**

The performance metrics, targets and performance payout ranges for these awards were set and approved by the Compensation Committee and the Board in February 2020. Consistent with the Long-Term Plan, incentive could be earned by the officers based on performance associated with two equally weighted metrics, EBITDA and ROIC, in each case adjusted as determined by the Compensation Committee, both measured cumulatively over the three-year performance period. The target levels of achievement for the EBITDA and the ROIC were established to align with financial goals set at the beginning of the three-year performance period for the years 2020 through 2022. The table below summarizes the results of the 2020-2022 performance period relative to target and the achievement level of the 2020-2022 PSAs:

<b>Performance Metric</b>	<b>Weight</b>	<b>Threshold*</b>	<b>Target*</b>	<b>Maximum*</b>	<b>Actual Performance*</b>	<b>Performance to Target</b>	<b>Weighted Performance</b>
EBITDA	50%	\$1,512,514	\$1,890,643	\$2,268,772	\$1,535,931	53.10 %	26.55 %
ROIC	50%	36.80 %	46.00 %	55.20 %	37.12 %	51.74 %	25.87 %

\*amounts in thousands (000) percentages. Threshold, Target, and Maximum for EBITDA and ROIC were adjusted to address the estimated impact of tariffs and the Actual Performance was similarly adjusted with respect to the actual impact of tariffs. Additionally, Actual Performance was adjusted by \$8.8 million of previously disclosed severance related costs incurred in 2020.

The PSAs awarded in February 2020, based on target opportunity, along with the actual payout of PSAs to the executive officers, for the 2020-2022 performance period are reflected in the table below and include dividend equivalents assuming reinvestment of dividends.

<b>Executive Officer</b>	<b>Number of PSAs Awarded in 2020 (Target) for 2020-2022</b>	<b>2020-2022 PSAs Actual Payout</b>
Steve Downing	41,516	22,912
Neil Boehm	14,081	7,772
Kevin Nash	12,916	7,129
Matt Chiodo	11,394	6,289
Scott Ryan	10,091	5,570

### **Restricted Stock**

The RS awarded in February 2020, based on target opportunities, along with the actual payment of RS to executive officers, awarded for the 2020-2022 period are reflected in the table below:

Executive Officer	Number of RS Awarded in 2020 (Target) for 2020-2022	2020-2022 RS Payout/Vesting
Steve Downing	17,792	17,792
Neil Boehm	6,035	6,035
Kevin Nash	5,535	5,535
Matt Chiodo	4,883	4,883
Scott Ryan	4,325	4,325

Since each executive officer awarded restricted stock in 2020 remained employed by the Company for three years from the grant date, each restricted stock awarded vested with such executive officers.

Equity awards granted to our NEOs are shown in the "Grant of Plan-Based Awards" table and in the "Summary Compensation Table" below.

### **Retirement and Deferred Compensation**

Each of the NEOs is eligible to participate in the following retirement and deferred compensation benefit plans:

- Retirement Savings Plan
- Deferred Compensation Plan

The Gentex Corporation Retirement Savings Plan is a tax-qualified, "safe harbor" 401(k) plan for our U.S.-based employees of the Company, including NEOs. Participants may elect to contribute a portion of their earnings to the plan each year. For 2022, we matched 100% on an employee's contributions up to 5% of compensation. The matching amounts for the NEOs is listed in the "Summary Compensation Table" in the Proxy Report.

The Gentex Corporation Non-Qualified Deferred Compensation Plan (the "Deferred Compensation Plan") provides a vehicle for key employees and officers to defer compensation on a tax-favored basis. The Deferred Compensation Plan is intended to enhance retirement savings among a select group of management and highly compensated employees who contribute significantly to the success of the Company. Only select management and highly compensated employees, including NEOs, are eligible to participate allowing them to elect, on a pre-tax basis, to defer receipt of certain compensation by making an election in accordance with the terms of the Deferred Compensation Plan. Participants are immediately vested in their own deferrals and related earnings. The Company may, but is not required, to match participant deferrals. Participants are generally vested in any such matching contributions 50% after two years but before three years of service and 100% after three years of service. A participant's vested credit balance will generally be paid on the earliest to occur of: a separation from service; a fixed date or event; a change of control; or a plan termination. A participant can elect whether to receive his or her vested credit balance in a lump sum on the relevant payment date or in installments thereafter. The Deferred Compensation Plan maintains a "rabbi trust" to assist the Company in meeting its obligations under the Deferred Compensation Plan. The assets in such trust remain subject to the creditors of the Company and are not property of any participant. The Deferred Compensation Plan is intended to comply with Section 409A of the Internal Revenue Code.

In fiscal year 2022, participants were eligible to elect to defer up to 75% of their base pay and up to 75% of any incentive performance bonus, quarterly profit sharing bonus or look back performance bonus into the plan on a tax-deferral basis. For 2022, the Company elected to make discretionary company credit of 10% of contributions into all participants accounts. The deferral amount and the Company matching amounts for the NEOs are listed, respectively, in the "Summary Compensation Table" and the "Non-Qualified Deferred Compensation Table" each below.

## **HOW COMPENSATION DECISIONS ARE MADE**

### **Role of the Compensation Committee and CEO**

The Compensation Committee of the Board assists the Board in fulfilling its obligations related to the compensation of the Company's officers and, in general, with respect to equity compensation for all full-time employees. Our current Compensation Committee consists of a chair and independent directors who are appointed

annually by the Board. Under the Compensation Committee Charter, the Compensation Committee must have a minimum of three members who meet the requirements for independence as set forth by the Securities and Exchange Commission ("SEC") and the NASDAQ Stock Market Rules. Members of the Compensation Committee must also qualify as "non-employee directors" within the meaning of Exchange Act Rule 16b-3.

The Compensation Committee members during 2022 were: Richard Schaum (Chair), Gary Goode, and Brian Walker (with James Wallace serving for a portion of the year).

The Compensation Committee's responsibilities include, but are not limited to, reviewing our officer compensation philosophy and strategy, participating in the performance evaluation process for our President and CEO, setting base salary and incentive opportunities for our President and CEO and other NEOs, establishing the overarching pay philosophy for our management team, establishing incentive compensation and performance goals and objectives for our NEO's and other officers and determining whether performance objectives have been achieved. Executive sessions are held by the Compensation Committee without the participation of any member of management. Each year, the Compensation Committee reviews the performance and total compensation package of our NEOs. The Compensation Committee reviews and establishes each NEOs total target and actual compensation for the current year, which includes base salary, annual bonus opportunities, and long-term equity incentive awards as more fully described herein. The Compensation Committee also approves any equity compensation for all employees.

Our President and CEO is responsible for making recommendations to the Compensation Committee regarding base salary and incentive opportunities for the NEOs, other than with respect to his own compensation, but does not vote with respect thereto.

Compensation decisions may be made by the Compensation Committee using its sole judgment, but may be recommended to the full Board for approval as well. The Compensation Committee focuses primarily on each NEO's performance against financial and strategic objectives and the Company's overall performance.

### **Role of the Independent Compensation Consultant**

The Compensation Committee Charter states that the Compensation Committee may retain outside compensation consultants, legal advisors, or other advisors in its discretion. The Compensation Committee has chosen to retain an independent compensation consultant, Mercer (of the Marsh & McLennan Companies), to provide it with objective and expert analyses on certain compensation matters. In engaging Mercer, the Compensation Committee considered the relevant independence factors with respect to Mercer's services and determined that Mercer's work did not raise any conflict of interest.

All services provided by Mercer related to executive compensation were done pursuant to an engagement by, and under the direction and authority of, the Compensation Committee. The Compensation Committee requested Mercer's advice on a variety of topics including: assessment of the existing executive compensation program and strategy; market comparisons, including with the Peer Group; plan design alternatives; pay trends; performance metrics; stock ownership guidelines; employment agreements; director compensation; best practices; and reporting and disclosures with respect to the same. Mercer also provided compensation related data to the Company's human resource team as an aid in recruiting, talent management and broader compensation trends in 2021. Total fees for all of the foregoing services were \$5,000 in 2022.

We also used Marsh USA Inc. ("Marsh"), another of the Marsh & McLennan Companies, to provide insurance services in 2022. We paid Marsh \$460,000 in 2022. The decision of the Compensation Committee to engage Mercer was done with the knowledge that Marsh was engaged to provide insurance services. The total fees paid to Mercer and Marsh for 2022 was approximately \$465,000, which is approximately 0.002% of the revenues of Marsh & McLennan Companies for 2022. Mercer provided Peer Group and general industry compensation data to the Compensation Committee and such data was used as a frame of reference for establishing appropriate compensation goals for base salaries, annual bonuses and long-term equity incentives for officers, including NEOs for 2022 and 2023.

## **COMPENSATION POLICIES & PRACTICES**

### **Stock Ownership Guidelines**

Our Stock Ownership Guidelines are intended to encourage executives to own a significant number of shares of our common stock. The Stock Ownership Guidelines are calculated based on a multiple of the NEO's annual base salary (five times for the President and CEO and three times for the other NEOs). Further, the stock ownership guidelines also apply to non-employee directors using a multiple of their annual retainer (five times).

Such Stock Ownership Guidelines provide for the NEOs and non-employee directors to achieve the targeted equity ownership levels on a schedule within five years. In determining if our NEOs and non-employee directors have satisfied the ownership guidelines, we generally include RS and PSAs that has been granted and any shares owned outright by the NEO or non-employee directors.

### **Clawback Provisions**

To mitigate risk of paying either annual or long-term incentives including equity incentives based on faulty financial results, we have a Clawback Policy regarding adjustment of compensation in the event of a restatement of our financial results. It provides that the Compensation Committee will review all bonuses and other compensation paid or awarded to our executive officers based on the achievement of corporate performance goals during the period covered by a restatement. If the amount of such compensation paid or payable to any current or former executive officer based on the originally reported financial results differs from the amount that would have been paid or payable based on the restated financial results, the Company will seek recovery from the executive officer of any compensation exceeding that to which he or she would have been entitled based on the restated results. The Company's Clawback Policy is under consideration in light of the SEC's recent clawback rule.

### **Hedging and Pledging of Stock**

Under the terms of our Anti-Hedging and Anti-Pledging Policy, no officer or director is permitted to engage in securities transactions that would allow them either to insulate themselves from or profit from, a decline in the Company's stock price. Similarly, no officer or director may enter into hedging transactions in the Company's stock. Such transactions include, but are not limited to, short sales as well as any hedging transactions in derivative securities (e.g. puts, calls, options, collars, etc.) or other speculative transactions relating to the Company's stock. Pledging of our stock is prohibited as well. This policy is intended to ensure our officers and directors have full risks and rewards of ownership of our stock.

### **Equity-Based Grant Practices**

Under our equity-based grant practices, we make annual equity-based grants to certain officers, including NEOs, in the first quarter of the calendar year at a meeting of the Board. The exercise price, in the case of any stock options, or the value in the case of PSAs or RS, is the average closing price of our common stock on the NASDAQ for the twenty (20) trading days preceding the day of the grant for NEOs, officers, and non-employee directors. The Compensation Committee approves all equity-based grants, though the Board also approves all NEO compensation.

### **Mitigation of Potential Risk in Pay Programs**

The Compensation Committee has reviewed our compensation policies and practices and determined that there are no risks arising from our compensation policies and practices for our employees that are reasonably likely to have a material adverse effect on the Company. To avoid excessive risk-taking behaviors, we have put in place several mechanisms, including, but not limited to:

- Stock Ownership Guidelines;
- Caps on annual incentive payouts;
- Financial performance-based annual incentive program;

- Long-term incentive awards (which are delivered in the form of equity) based on remaining with the Company and/or financial performance objectives;
- Mix of types of awards;
- Use of multiple performance objectives to determine annual and long-term incentive payouts; and
- Clawback Policy and Anti-Hedging and Anti-Pledging Policy.

## **Impact of Accounting and Tax Treatments**

### **Internal Revenue Code Section 162(m)**

Subject to certain exceptions, Section 162(m) of the Internal Revenue Code limits our ability to deduct compensation in excess of \$1 million per year paid to certain covered employees. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements entered prior to November 2, 2017 and which are not materially amended thereafter. We do not believe the foregoing has had a material impact on the Company's compensation-related decision making or our results of operations.

### **Accounting for Stock-Based Compensation**

We account for stock-based payments under our equity-based plans in accordance with the requirements of FASB ASC Topic 718. Further information about this accounting treatment can be found in Notes 1 and 5 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2022.

## **DIRECTOR COMPENSATION**

Our Compensation Committee has responsibility for periodically assessing our director compensation program.

For 2022, each director who was not an employee at the Company received, as applicable:

- Annual retainer - \$80,000
- Chair of the Board retainer - \$100,000
- Audit Committee Chair retainer - \$12,500
- Compensation Committee Chair retainer - \$10,000
- Nominating and Corporate Governance Committee Chair retainer - \$10,000
- Audit Committee Member retainer (non-chair) - \$7,500
- Compensation Committee Member retainer (non-chair) - \$5,000
- Nominating and Corporate Governance Committee Member (non-chair) - \$5,000

All of the foregoing amounts are payable quarterly. In 2022, directors elected at each Annual Meeting receive a grant of RS equal to \$130,000 divided by the average closing price per share of the Company's common stock on the twenty (20) days preceding the date of the grant rounded to the nearest whole share of such RS. Each such RS grant will vest on the first anniversary of the grant.

## **CONCLUSION**

We have reached the conclusion that each individual element of compensation, as well as the total compensation, delivered to our NEOs and to our directors during 2022 are reasonable, appropriate, and in the best interests of the Company and our shareholders. We believe the elements of compensation for 2023 will be the same. That determination is based on a continuation of our compensation philosophy and practices which we believe align both the short-term and long-term interests of our officers with those of our shareholders. It remains the case that each element of our compensation program is important to accomplishing the Company's goals of creating an entrepreneurial environment so that our employees are motivated to remain with us, individually perform to the best of their abilities, and focus on our long-term success.

- (1) The amounts shown in this column for 2022 include the aggregate grant date fair market value of RS granted in 2022 and the aggregate grant date fair market value of PSAs awarded for the 2022-2024 performance period at target. The value of the PSA at grant date if maximum performance is achieved would be as follows: Mr. Downing - \$4,011,000; Mr. Boehm - \$1,011,000; Mr. Nash - \$1,207,000; Mr. Chiodo - \$884,000; and Mr. Ryan - \$799,000. The amounts in this column for 2022, 2021 and 2020 for the outstanding RS award are solely the value of the aggregate grant date fair value. The values in this column are computed in accordance with FASB ASC Topic 718 (as opposed to what is included in the Company's financial statements). See the Company's Annual Report (Footnote 5) for the years ended December 31, 2022, 2021, and 2020 for the assumptions made in the valuation of the RS grants and PSA grants. The actual number of RS shares granted and PSA shares granted is shown in the "Grants of Plan-Based Awards" table included in this Proxy Statement. Dividends for RS grants are and will be paid on the shares, if, and to the same extent, paid on the Company's common stock. Dividend equivalents are earned and accumulated over the performance period for PSAs, if, and at a similar rate and to the same extent, paid on the Company's common stock. NEOs are eligible to receive RS awards and PSA awards at the discretion of the Compensation Committee in accordance with the 2019 Omnibus Plan as discussed in the "Compensation Discussion and Analysis" section of this Proxy Statement.
- (2) There were no stock option awards to the named executive officers in 2022, 2021, or 2020.
- (3) Amounts set forth relate to performance-based bonuses earned under the Annual Incentive Plan based on the achievement of performance metrics set forth therein and are discussed further in the "Compensation Discussion and Analysis" section of this Proxy Statement.
- (4) Other compensation includes the sum of RS dividends, PSA deemed dividends, matching contributions by the Company pursuant to its 401(k) Plan, matching contributions by the Company pursuant to its Deferred Compensation Plan, and the use of Company automobiles or reimbursement for the use of personal automobiles pursuant to the Company's policy for use of such vehicles, detailed in the table set forth below. Other compensation also includes membership fees at local country clubs, housing allowance in the case of Mr. Chiodo, and aggregate incremental costs associated with the personal use of Company aircraft, which is subject to income inclusion as a taxable fringe benefit.

- (1) The Grant Date is the date when the Compensation Committee's recommendation was approved by the entire Board.
- (2) For 2022 under the Annual Incentive Plan, the Compensation Committee has established ratios of 50% of base salary for the President and CEO and 37.5% of base salary for the other NEOs upon achievement of the threshold, 100% of base salary for the President and CEO and 75% of base salary for the other NEOs upon achievement of the target, and another 100% of base salary for the President and CEO and another 75% of base salary for the other NEOs upon achievement of the maximum, representing potential payments to NEOs. At its February 2022 meeting, the Compensation Committee also established thresholds, targets, and maximums for the Revenue, Operating Income, and Earnings per Diluted Share performance metrics. As such, the columns reflect potential payments for each NEO under the Annual Incentive Plan.
- (3) These columns reflect the potential issuance of shares of common stock for each NEO under the PSA component of the Long-Term Incentive Plan for 2022. PSAs accounted for seventy percent (70%) of the Long-Term Incentive Plan awards in 2022 as discussed in the Long-Term Incentive Plan section of "Compensation Discussion and Analysis". Such PSAs cliff vest at the end of a three year period based on the Company's performance against established metrics as discussed in "Compensation Discussion and Analysis".
- (4) These RS awards represent the number of shares of restricted common stock awarded under the Long-Term Incentive Plan at target (see also footnote (2) above). RS accounted for thirty percent (30%) of the Long-Term Incentive Plan awards in 2022 as discussed in the Long-Term Incentive Plan section of "Compensation Discussion and Analysis." Such RS cliff vests three (3) years from the grant date.
- (5) This column represents the fair value (at grant date) of RS awards and PSAs granted to each of the NEOs in 2022 at target. See the Company's Annual Report on Form 10-K, Note 5, for the year ended December 31, 2022 for the assumptions made in the valuation of RS awards and PSAs. See also footnote (1) the "Summary Compensation Table" for the value of PSAs at grant date if maximum performance is achieved.

- (1) These options become exercisable, as long as employment with the Company continues, for 20 percent on each anniversary of the grant date commencing with the first anniversary of the grant date for all grants prior to 2018. For option grants during 2018, options become exercisable, as long as employment with the Company continues, for 25% on each anniversary of the grant date, with an expiration date ten years from grant date.
- (2) The exercise price is the closing price of the stock on the date the Compensation Committee met to approve the option grants, or when the Compensation Committee's recommendation was approved by the entire Board. The exercise price may be paid in cash, in shares of the Company's common stock, and/or by the surrender of the exercisable options valued at the difference between the exercise price and the market value of the underlying shares.
- (3) As long as employment with the Company continues, restrictions on RS granted under the Long-Term Incentive Plan and Second Restricted Stock Plan lapse upon the expiration of three, four, or five years from the date of grant (shown in the Option Expiration Date column for convenience). Dividends on RS are, and will be, paid on these shares if, and to the same extent, paid on the Company's common stock. See "Grant of Plan Based Awards Table for 2022" for additional detail on RS awarded in 2022.
- (4) The amounts in this column represent the market value as of December 31, 2022, of RS awarded under the Long-Term Incentive Plan and Second Restricted Stock Plan.
- (5) PSAs granted in February 2020, 2021, and 2022, cliff vest after a three year performance period as long as the NEO remains employed by the Company. Dividend equivalents on PSAs are and will be deferred on these awards over the performance period, if, and at an equivalent value as, dividends are paid on the Company's common stock. The PSAs shown in this column reflect target performance under the Long-Term Incentive Plan as discussed in the Long-Term Incentive Plan section of "Compensation Discussion and Analysis," with maximum performance, if achieved, essentially doubling the same. See "Grant of Plan Based Awards Table for 2022" for additional detail on PSAs awarded in 2022.
- (6) For PSAs granted in 2020, 2021, and 2022, the amounts in this column reflect the market value as of December 31, 2022, of 100% (i.e., target performance) of PSAs awarded under the Long-Term Incentive Plan in 2019, 2020 and 2021, with maximum performance if achieved, essentially doubling the same.

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

The Compensation Committee, which includes Messrs. Schaum (Chair), Goode, and Walker (and included Mr. Wallace for a portion of 2022), is currently comprised solely of members of the Company's Board who are independent under the applicable NASDAQ listing standards. The Compensation Committee is responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives.

## **CERTAIN TRANSACTIONS**

The Audit Committee of the Company reviews and approves all related party transactions in accordance with its Charter. The Code of Business Conduct and Ethics requires directors, officers, and employees to report these types of matters. In addition, the Company uses questionnaires for its directors and officers annually in part to discover any unreported related-party transactions. The approval of the Audit Committee is required for related-party transactions.

## **PAY RATIO**

Pursuant to the SEC's guidance under Item 402(u) of Regulation S-K, we are required to disclose the annual total compensation for both our Chief Executive Officer and median employee and the ratio of those two amounts. In 2022, the CEO's annual total compensation was \$4,508,367 as reflected in the "Summary Compensation Table." Our median employee's annual compensation for 2022 was \$58,563. As a result, we estimate that the CEO's annual total compensation was approximately 77 times that of our median employee in 2022.

As permitted by SEC rules, we used the same median employee that was identified in the preparation of our CEO pay ratio disclosure in 2021, as we believe there has been no change in our employee population or compensation arrangements that would result in a significant change to our CEO pay ratio disclosure. To identify our median paid employee, we analyzed our employee population as of 12/31/2021. Our employee population was approximately 4,900 at that time. We identified our median paid employee based on gross annualized earnings for 2021, which included gross wages, bonus payments, stock compensation expense, and taxable benefits. Compensation earned in currencies other than U.S. Dollars was translated into U.S. Dollars.

We determined the median paid employee's annual total compensation using the methodology for calculating total compensation for the Summary Compensation Table and compared that to the annual total compensation of our CEO, as disclosed in the Summary Compensation Table.

## **RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS – PRINCIPAL ACCOUNTING FEES AND SERVICES**

The Audit Committee and Board have selected, and submit to shareholders for ratification, Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2023. The following fees were billed by Ernst & Young LLP, the Company's independent auditors, for the services provided to the Company during the fiscal years ended December 31:

	<b>2022</b>	<b>2021</b>
Audit Fees	\$ 597,500	\$ 505,000
Audit-Related	35,000	40,000
Tax Fees	—	—
All Other	—	133,851
<b>Total</b>	<b>\$ 632,500</b>	<b>\$ 678,851</b>

Audit fees include the annual audit of the Company's consolidated financial statements, the audit of internal control over financial reporting, and timely quarterly reviews. Audit-Related fees principally consist of consultations concerning accounting matters associated with the annual audit, incremental consent filings, and other out-of-scope work. Tax fees principally consist of fees for tax advice. All Other fees principally consist of diligence services pertaining to potential acquisitions, including tax due diligence (but not tax services related to structuring). All non-audit services, including those indicated above, are pre-approved by the Audit Committee pursuant to the Revised Audit Committee Procedures for Approval of Audit and Non-Audit Services by Independent Auditors, which is attached as Appendix A to this Proxy Statement. The Audit Committee considers the amount of fees for non-audit services in selecting and assessing the independence of the Company's auditors.

The Audit Committee periodically evaluates the Company's independent auditor. The quality of the staff of Ernst & Young LLP, historical and current performance, expertise in the Company's industries, reasonableness of fees, and independence are all factors that went into the Audit Committee's decision to select Ernst & Young LLP as the Company's independent auditors. The audit engagement partner for the Company rotates at least every five years and the Audit Committee is involved in the selection of a new audit engagement partner. Although ratification of the independent auditors by the Company's shareholders is not legally required, the Audit Committee and Board believe that submission of this matter to the shareholders follows sound business practice and is in the best interest of shareholders in the current environment. If the shareholders do not approve the selection of Ernst & Young LLP, the selection of such firm as our independent auditors will be reconsidered by the Audit Committee. Accordingly, you may vote on the following resolution at the 2023 Annual Meeting of Shareholders:

RESOLVED, that Ernst & Young LLP be and hereby is ratified to serve as the independent auditors of the Company for the fiscal year ended December 31, 2023.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

**The Board unanimously recommends a vote FOR the ratification of Ernst & Young LLP to serve as the Company's independent auditors for fiscal year ended December 31, 2023.**

## **ADVISORY VOTE ON EXECUTIVE COMPENSATION**

As described in the detail in "Compensation Discussion and Analysis", the Company's compensation system is designed to balance short-term performance with long-term growth. Our compensation system must be competitive with compensation arrangements provided to executives at comparably sized companies with whom we compete for talent. We look to: reward performance (with an increasing percentage of executive pay being performance based); emphasize long-term incentive compensation; drive ownership mentality; and attract, retain and reward the best talent to achieve desired results. Shareholders are encouraged to read "Compensation Discussion and Analysis", the Company compensation tables, and the related narrative disclosure.

In accordance with certain legislation, the Company is providing shareholders with an advisory (nonbinding) vote on compensation programs for named executive officers (sometimes referred to as "say-on-pay"). Accordingly, you may vote on the following resolution at the 2023 Annual Meeting of Shareholders:

RESOLVED, that the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure is hereby APPROVED.

This vote is non-binding. The Board and the Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of this advisory vote when considering future executive compensation decisions, to the extent they can determine the cause or causes of any significant negative voting results.

**The Board unanimously recommends that you vote FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed pursuant to Item 402 of Resolution S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure.**

## **ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In addition to providing shareholders with the opportunity to cast an advisory vote on named executive officer compensation as set forth above, the Company is providing shareholders with an advisory vote on whether an advisory vote on named executive officer compensation should be held every one, two, or three years. The Board of Directors intends to carefully consider the shareholder vote on this proposal, but does not make any recommendation as there are advantages and disadvantages on more frequent or less frequent votes.

The Proxy Card provides shareholders with the opportunity to choose among four options (holding the vote every one, two, or three years, or abstaining)

Although this advisory vote on the frequency of the say-on-pay is nonbinding, the Board and the Compensation Committee will, as indicated, take into account the outcome of the vote when considering the frequency of future advisory votes on named executive officer compensation.

Accordingly, you may vote on the following resolution at the 2023 Annual Meeting of Shareholders:

RESOLVED, that the shareholders wish the Company to include an advisory vote on the compensation of the Company's named executive officers every:

- year;
- two years; or
- three years.

To be timely, such a shareholder's notice must be delivered, or mailed and received at, the Company's headquarters as set forth in the Company's Bylaws. A copy of the Company's Bylaws is filed with the Securities and Exchange Commission and can be obtained from the Public Reference Section of the Commission or the Company. To comply with the universal proxy rules, shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Securities Exchange Act of 1934, no later than March 19, 2024.
